SILKSCREENING 101 WORKSHOP MATERIALS AND SERVICES PRICE LIST

Need more screens or materials to get started on that silkscreening project you've been thinking about?

Spins & Needles can now happily provide these for you with a quick turnaround time (3-5 days) so you can get printing right away!

Materials and services are for image areas that measure 8" x 10", ideal for printing on t-shirts and smaller canvases and posters.

Send us an image and we will create a new screen ready for you to print. Or pick up a new blank screen to make sure you're ready for when inspiration strikes (like in the middle of the night!) We also can provide silkscreening mesh (156 count) for you to repurpose your screens.

Silkscreening Materials and Services Image Size = 8" x 10" Screen Size = 12" x 14"	Price (tax included)
